## **Superintendent of Banks participates in FSI Seminar in Switzerland**

The Superintendent of Banks of Panama, Eng. Olegario Barrelier, is participating in the "Seminar on Reputational/Operational Risk and Governance Issues", delivered by the Financial Stability Institute (FSI) of the Bank for International Settlements.

The seminar, which takes place on April 22 and 23 in the city of Basel, Switzerland, is part of the training program that this institution maintains and is aimed at high level banking supervisors.

The objective of this training is to make known a general description of various aspects of risk with special attention to reputational risk management, including case studies, the evolution of corporate governance and Basel II subjects.
