Circular N° SBP-GSF-0025-2018

General Manager

Subject: Temporary business schedule. Business and customer service schedule. Superintendency of Banks

Dear General Manager:

We wish to inform you hereby that the National Institute of Aqueducts and Sewers (IDAAN, for its acronym in Spanish) has advised that due to the complexity of the repair work on the damaged pipe on Vía Brasil, work will continue on Wednesday, February 28. The IDAAN has not specified when the work will be finished or how long will it take for potable water to be restored.

Therefore, Plaza Canaima, where the offices of the Superintendency of Banks are located, is still without drinking water or the operation of the building's central air conditioning system, for which reason the regular course of business will be suspended at 11:30 a.m. on February 28, 2018.

Consequently, all procedural and administrative deadlines will be extended until the next business day.

We would appreciate your providing the necessary instructions to your staff.

Best regards,

Ricardo G. Fernandez D.
Superintendent
