Subject: New website version

Dear Sir/Madam,

We are pleased to inform you that the Superintendency of Banks has developed a new version of its website. In addition to having a renewed image, the website provides users a simplified navigation experience.

The update of the technological platform on which the website operates is part of our digital transformation process, in which clear data visualization plays a fundamental role.

The information published on www.superbancos.gob.pa allows users and the national and international community to access updated information on regulated and supervised entities, the regulatory framework, financial statistics, and the rights and obligations of bank consumers.

The launch of the new website's image is part of the activities conducted for the 25th anniversary celebration of the Superintendency of Banks.

We are certain that this new version will be useful to you.

Best regards,
