Sustainable Finance Taxonomy

Dear Sir/Madam,

We are pleased to inform you that we have posted the public consultation on Panama's Sustainable Finance Taxonomy on our website at www.superbancos.gob.pa.

Panama's Sustainable Finance Taxonomy will be a rating system that defines clear, science-based criteria to identify economic activities, assets, and/or projects. It will specify environmentally sustainable investments for Panama and establish a common understanding of economic activities that substantially contribute to achieving the country's environmental goals.

The document has been available for all interested parties since November 13, 2023. Remarks, recommendations, and suggestions will be accepted until 11:59 p.m. on December 15, 2023.
